## Terms of Acceptance

The goal of our office is to enable patients to gain control of their health. To attain this we believe communication is the key. There are often topics that are hard to understand and we hope this document will clarify those issues for you.

Please read the below and if you have any questions please feel free to ask one of our staff members.

### Informed Consent:

A patient, in coming to the chiropractic doctor, gives the doctor permission and authority to care for the patient in accordance with the chiropractic tests, diagnosis, and analysis. The chiropractic adjustment or other clinical procedures are usually beneficial and seldom cause any problems. In rare cases, underlying physical defects, deformities or pathologies may render the patient susceptible to injury. The doctor, of course, will not give any treatment or care if he/she is aware that such care may be contra-indicated. Again, it is the responsibility of the patient to make it known, or to learn through healthcare procedures what he/she is suffering from: latent pathological defects, illnesses or deformities which would otherwise not come to the attention of the chiropractic physician. The chiropractic doctor provides a specialized, non-duplicating health care service. Your doctor of chiropractic is licensed in a special practice and is available to work with other types of providers in your health care regimen. I understand that if I am accepted as a patient by **Bloomfield Wellness Clinic**, I am authorizing them to proceed with any treatment that they deem necessary. Furthermore, any risk involved, regarding chiropractic treatment, will be explained to me upon my request.

### Women Only:

To the best of my knowledge I **am / am NOT** pregnant and (**give my permission / don't give permission**) to x-ray me for diagnostic interpretation.

## Missed Appointment Policy

December 3, 2016

Our goal is to provide quality individualized care in a timely manner. Missed appointments and late cancellations inconvenience those individuals who need access to care in a timely manner. We would like to inform you of our office policy regarding missed appointments. This policy enables us to better utilize available appointments for our patients in need of treatment. When a patient cancels without giving enough notice, they prevent another patient from being seen and more simply, a patient who misses an appointment fails to get necessary treatment.

### **Late Cancellations:**

A late cancellation is considered when a patient fails to cancel their scheduled appointment by **3:00 p.m.** on the day prior to your scheduled appointment. To cancel a *Monday* appointment, please call our office by 3:00 p.m. on *Friday*.

### **Missed Appointments:**

A missed appointment is considered when a patient is more than 15 minutes late for their scheduled appointment.

With the exception of serious emergencies it is expected that you keep all your appointments.

- *First Offense* will result in a **warning**.
- *Second Offense* will result in a **\$25 fee** that will need to be paid before you are seen.

We at Bloomfield Wellness Clinic appreciate you greatly as our patient, and we appreciate your commitment to maintain the highest standards of healthcare on your behalf and on behalf of all of Bloomfield Wellness Clinic's patients. We hope that this policy is understood by our patients as a means to ensure that every appointment is treated as important and valuable.

I have read and fully understand the Bloomfield Wellness Clinic Missed Appointment Policy.
